

HOW TO ACCESS YOUR VACCINE RECORD

Online

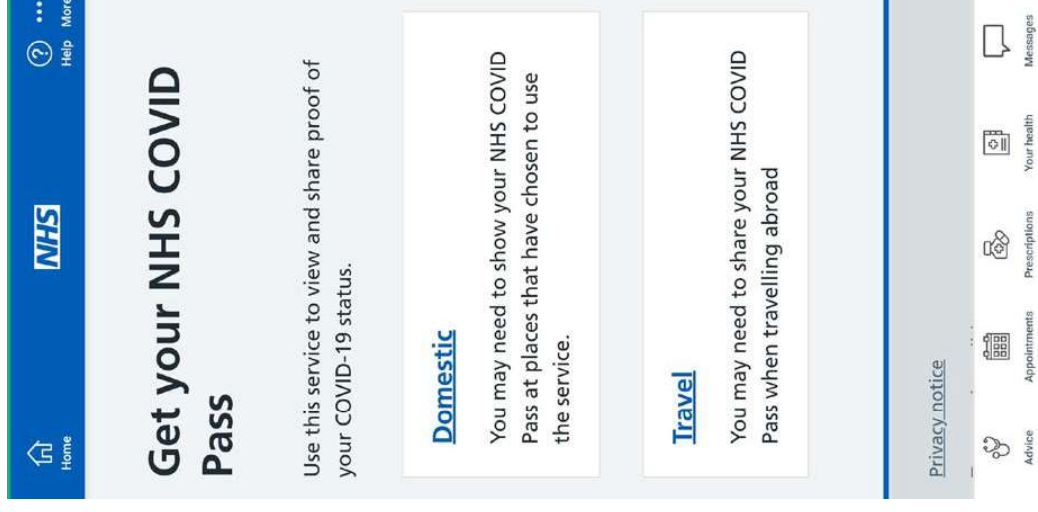

Use this link to access your COVID Pass through the website. The website follows the same pattern as the App and looks very similar, so you can use the instructions on the next pages.

<https://www.nhs.uk/conditions/coronavirus-covid-19/get-digital-covid-pass/>

NHS App

The easiest way to access your vaccination record is through the COVID Pass on the **NHS App**. This is different to the COVID-19 App, so make sure you have the blue NHS one that looks like this.

The COVID pass can be created by PCR tests, recent COVID recovery and vaccination.

So, you will need to be able to show your vaccination record, not just your COVID Pass.

Both the Domestic and the Travel Pass will show your vaccination records.

They show it in different ways. See the pages below to see both ways to access.

If you want to keep a copy on your emails or phone, use the Travel version and click download or email.

Telephone – Ring 119 and request a copy posted to you

TRAVEL COVID PASS

Your NHS COVID Pass

You need to show this when asked by officials.

Before you travel you'll need to:

- check the [entry requirements for your destination](#)
- make sure your vaccination information is correct
